HOW A SHIFT *runs*

01

Scan

The normal phone camera opens the page. No app store, no download, no password to remember.

02

Tap

One poster covers every job you have running. They tap the project, so hours land in the right place.

03

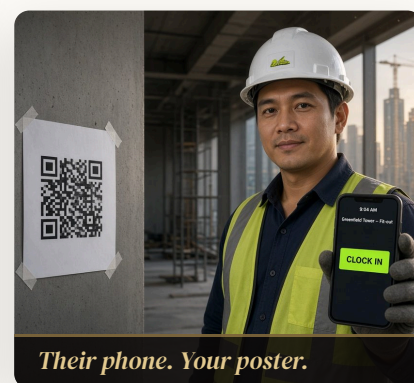

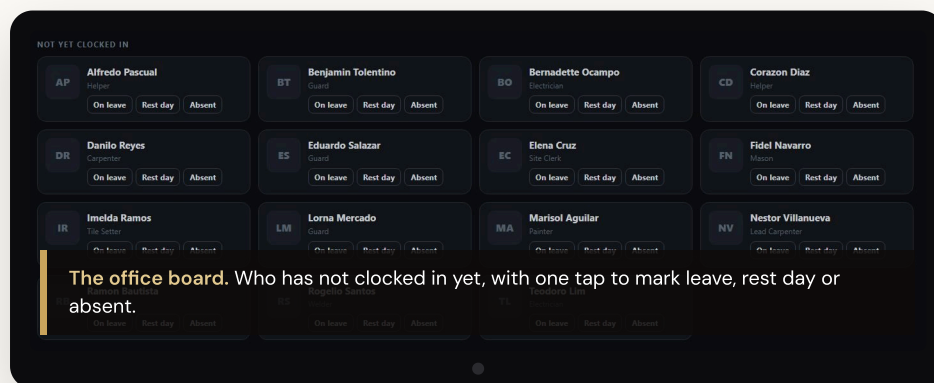

Photo

Time, GPS and photo are stored together. The time is our server's, not the phone's.

04

Print

The DTR, payroll register and payslips, with kinsenas periods and PH holiday rates built in.

Their phone. Your poster.

UP TO 25

₱1,200 / month

UP TO 60

₱2,400 / month

UNLIMITED

₱3,600 / month

SETUP, ONCE

₱4,500

Per site, not per head. Pay a year up front and get two months free. After the trial, the free plan keeps ten people and marks what it prints. CSV export any time.

SCAN TO HEAR IT IN 42 SECONDS

Then one button: **Start ClockIN free — no card.** No hunting, no form to read first.
