HOW THE SHOW *runs*

01

Build

Lay out segments, cues, timing and notes for every department, or paste a script and get cues.

02

Rehearse

Rehearsal times every cue without touching your show. Push the real durations into your plan.

03

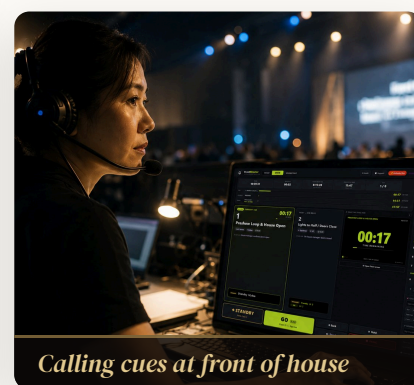

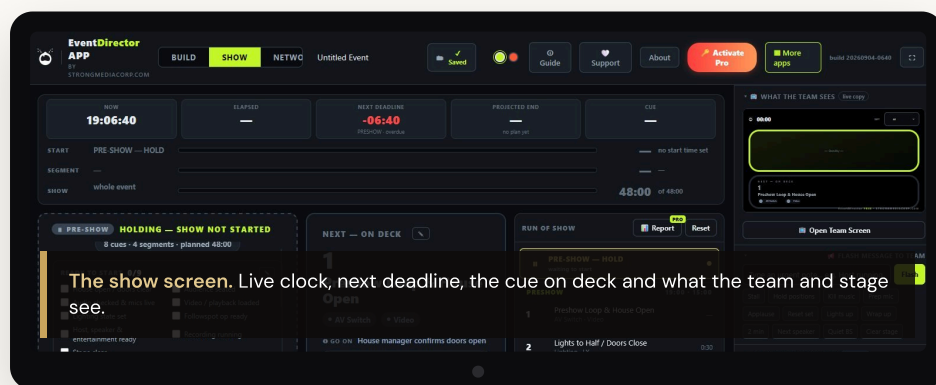

Call

Standby, then GO. A two-step trigger, so nothing fires before the room is actually ready.

04

Trigger

One GO can switch the scene, roll the VT and start the record. Local network, no cloud.

FREE

Free unlimited cues

PRO

₱1,600 one-time

One-time payment. No subscription. Pro adds Script Import beyond 200 cues, the Show Report with CSV export, a printed run-of-show, and removes the FREE watermark.
